

## CLI AG6600 Series

The Perfect Ethernet Terminal  
for your IBM iSeries or zSeries

### Everything you need to get the job done

The AG6600's robust platform is ready to handle any task. With a dual core AMD G-Series processor running at 1GHz and a Radeon HD 6290 GPU it has the performance features needed to handle demanding production environments with ease. Custom or unique peripheral support with standard parallel port, serial port, two PS/2, 4 USB and dual DVI ports with an included VGA adapter and optional internal wireless. The AG6600 has the tools and features required for deployment into the demanding production or manufacturing settings.

### Universal client for complex environments

The AG6600 is built with the latest embedded technology from AMD utilizing the fastest available G-Series processor to run the latest in Operating Systems and applications. With a dedicated GPU it delivers an unprecedented graphics performance in a thin client device. All of these features are packaged in less than 1.5 cubic liters with no moving parts. With the AG6600 the future of thin computing is here today.

### At a Glance

The AG6600 is the ideal client for complex environments where legacy ports including serial, parallel, and PS/2 are required. With a Microsoft CE.NET 6 Operating System the AG6600 is ready for any situation where legacy terminal emulation is all that is needed.

### Features

- Dual core 1.0 GHz processor
- Dual Digital Video (DVI-D and DVI-I).
- Dedicated Radeon HD 6290 GPU.
- Multiple mounting options.
- Optional internal wireless.
- Energy efficient, robust feature set, maximum performance.

# CLI AG6600 Universal Ethernet Terminal

Modular logic unit, AMD G-Series 1.0 GHz CPU, Gigabit Ethernet, 4 USB 2.0 ports, 1 serial port, 1 Parallel port, 2 PS/2 ports, audio in/out ports, external power supply, socketed DRAM and Industrial grade SSD Flash, security lock slot, PS/2 optical mouse, PS/2 US 104-key keyboard, US power cord, per seat license for CLI Device Manager software .

Factory Refurbished by CLI.

CONFIGURATION	DESCRIPTION	AG6600H		
Operating system	The AG6600H with Microsoft Windows CE.NET 6  Contact your CLI reseller or CLI sales representative for additional information	CE.NET 6		
Processor	AMD G-Series T40N (1.0 GHz) Dual Core	X		
Chipset	A50M	X		
Video	AMD Radeon HD 6290 Up to 1920 x 1200 wide screen resolution; 32-bit color 64MB - 512MB shared memory (1)DVI-D (optional DVI-D to HDMI adapter, (1) DVI-I (DVI to VGA adapter included)	X		
Memory	(1) DDR3 - 1333 SODIMM	Min: 1GB Max: 2GB		
Flash	Industrial grade SATA SSD flash module	Min: 1GB Max: 2GB		
Terminal Emulation	TermPro TN5250 iSeries / TN3270 zSeries / ASCII	X		
Communications	(1) Gigabit Ethernet port	X		
Ports and Connectors	(4) USB 2.0 ports (2 front, 2 rear), (1) DVI-D, (1) DVI-I, (2) PS2, (2) RJ-45/Ethernet, (1) mic-in jack, (1) audio out jack, (1) serial (DB-9), one parallel (DB-25)	X		
Operating temperature	0 °C to 40 °C 20% to 80% non-condensing humidity	X		
Protocols	RDP, ICA, X Client, VNC (Remote Shadowing), PXE, Quest, VMware View, Web Browser	X		
Full Weight	1.7 lbs	X		
Dimensions	(w x d x h) 7.88 in (at front) x 5.3 in x 1.9 in	X
